OUR STORY

/ A LITTLE WORLD OF ITS OWN

A terrarium is a small world under glass: green, living and carefully kept. That is the idea behind our bistro on Tarporley High Street.

We wanted a calm room with generous plates and a table you will not want to leave. Our kitchen cooks the Mediterranean the way we like to eat it: sharing plates to start, slow-cooked meats, good bread, bright salads and olive oil on almost everything.

Mornings bring eggs, warm croissants and fresh coffee. Afternoons and evenings bring tapas, steaks and pasta.

We choose fresh produce every day and work with local suppliers for our meat. Our coffee is our own, V20, and our bar pours Monte Carlo, a beer you will only find here.

Whether you come for a weekday breakfast or a long dinner with friends, we would love to look after you.

SLOW MORNINGS

/ BREAKFAST & BRUNCH · SERVED 10AM – 12PM

Fresh bread, good eggs and a proper cup of coffee.

Every brunch plate is made to order in our kitchen, from Turkish eggs with spiced yoghurt and chilli oil to warm croissants filled to the edge. Gluten-free bread is always available.

OUR OWN COFFEE

V20

Freshly brewed

V20 is Terrarium's own coffee brand, and every cup is brewed fresh to order. It is smooth enough for a flat white and bold enough to stand up to a full breakfast.

FROM FIELD TO FIRE

/ MAINS, STEAKS & PASTA · FROM 12PM

Good cooking starts long before the kitchen.
It starts with what we choose to buy.

We select fresh produce every day and work with local suppliers for our meat. Then we cook it with patience: beef ribs slow-cooked until they fall apart, lamb shanks braised in espagnole, and pork belly roasted low and slow.

Our steaks are cooked to your liking and rested before they reach the table. Alongside them you will find fresh pasta dishes, bright salads and sides made for sharing.

THE FINEST CUT

FILLET

8oz prime tenderloin

Served with truffled potato mash, charred asparagus, portobello mushroom and a rich espagnole sauce. Tell your server how you would like it cooked.
